

11 COURSE  
INTERMEDIATE- ADVANCED  
**WRIST**  
arthroscopy

### COURSE DESCRIPTION

Course focused on the practical training in intermediate-advanced **arthroscopy wrist techniques**. Theoretical explanations will be given followed by cadaver lab practices. There will only be **2 students per workplace** with an international expert as a teacher in each station. We will have the arthroscopy towers, the instruments and the implants of referent companies in the sector.

### SURGICAL DIRECTORS

**Dr. Fernando Corella Montoya**  
Hand & Wrist Surgery Unit.  
H. Univ. Infanta Leonor, Madrid.  
H. Univ. Quirón, Madrid.

**Dr. Montserrat Ocampos Hernández**  
Hand & Wrist Surgery Unit.  
H. Univ. Infanta Leonor, Madrid.  
H. Univ. Quirón, Madrid.

**Dr. Sanjeev Kakar**  
Hand & Wrist Surgery Unit.  
Mayo Clinic, Rochester, USA.

### VENUE

Body Donation Center & Dissection Rooms.  
Universidad Complutense de Madrid.

### REGISTRATION FEE

**1.350 € + VAT** (before April 30th).  
**1.650 € + VAT** (after May 1st).

The registration includes attendance to the course, attendance certificate with FMC credits, coffees and work lunches.

### SCIENTIFIC SUPPORT REQUESTED

### Accreditation and validation requested to:

### Logistical support:

### Technical Secretary

# WRIST arthroscopy

## FACULTIES & INSTRUCTORS

-  **Andrea Atzei** - ITA
-  **Greg Bain** - AUS
-  **Marion Burnier** - FRA
-  **Martín Caloia** - ARG
-  **Vicente Carratalá** - ESP
-  **Joaquim Casañas** - ESP
-  **Fernando Corella** - ESP
-  **Andrew Chin** - SGP
-  **Ferdinando Da Rin** - ITA
-  **Pedro J. Delgado** - ESP
-  **Mireia Esplugas** - ESP
-  **Margaret Fok** - CHN
-  **Gustavo Gómez** - ARG
-  **Sanjeev Kakar** - USA
-  **Riccardo Luchetti** - ITA
-  **Àlex Lluch** - ESP
-  **Montserrat Ocampos** - ESP

|-------------|---------------------------------------------------------------------------------------------------------------|
| 08:30-09:00 | Registration and course introduction                                                                          |
| 09:00-09:15 | <b>How to transition from basic to intermediate-advanced techniques</b><br>Dr. Marion Burnier                 |
| 09:15-09:30 | <b>Review of dorsal and volar portals</b><br>Dr. Montserrat Ocampos / Dr. Mireia Esplugas                     |
| 09:30-10:15 | HANDS-ON SESSION. Establishment of dorsal and volar portals                                                   |
| 10:15-10:30 | <b>TFCC repair techniques: foveal reattachments</b><br>Dr. Sanjeev Kakar / Dr. Margaret Fok                   |
| 10:30-11:15 | HANDS-ON SESSION. Practical application of TFCC foveal repair techniques                                      |
| 11:15-11:45 | Coffee break                                                                                                  |
| 11:45-12:00 | <b>TFCC reconstruction techniques</b><br>Dr. Vicente Carratalá / Dr. Andrea Atzei                             |
| 12:00-12:45 | HANDS-ON SESSION. Practical application of TFCC reconstruction techniques                                     |
| 12:45-13:00 | <b>Arthroscopy of small joints</b><br>Dr. Gustavo Gómez                                                       |
| 13:00-13:30 | HANDS-ON SESSION. Arthroscopic techniques for the pisotriquetral joint                                        |
| 13:30-14:30 | Lunch                                                                                                         |
| 14:30-14:45 | <b>Dorsal capsuloligamentous sutures for intrinsic and extrinsic ligament injuries</b><br>Dr. Martín Caloia   |
| 14:45-15:45 | HANDS-ON SESSION. Dorsal capsuloligamentous sutures                                                           |
| 15:45-16:00 | <b>Volar capsuloligamentous sutures for intrinsic and extrinsic ligament injuries</b><br>Dr. Fernando Corella |
| 16:00-17:00 | HANDS-ON SESSION. Volar capsuloligamentous sutures                                                            |

WEDNESDAY /  
**3 September**

|             |                                                                                                              |
|-------------|--------------------------------------------------------------------------------------------------------------|
| 08:30-09:00 | Recap of Day 1 and Q & A                                                                                     |
| 09:00-09:15 | <b>Arthroscopic management of scaphoid fractures and non-union</b><br>Dr. Andrew Chin / Dr. Pedro J. Delgado |
| 09:15-10:15 | HANDS-ON SESSION. Arthroscopic techniques for managing scaphoid fractures                                    |
| 10:15-10:30 | <b>Arthroscopic management of distal radius fractures</b><br>Dr. Greg Bain / Dr. Àlex Lluch                  |
| 10:30-11:30 | HANDS-ON SESSION. Techniques for arthroscopic-assisted management of distal radius fractures                 |
| 11:30-12:00 | Coffee break                                                                                                 |
| 12:00-12:15 | <b>Arthroscopic techniques for the trapeziometacarpal joint</b><br>Dr. Joaquim Casañas                       |
| 12:15-13:30 | HANDS-ON SESSION. Arthroscopic procedures for the trapeziometacarpal joint                                   |
| 13:30-13:45 | Closing remarks and end of course                                                                            |
